

**2009 Montreat Conference on
Worship and Music
Global Music Classes**

In this summer's classes on global music we will be exploring the wealth of possibilities regarding the genre's use in worship. In many cases, it's very helpful to employ solo instruments when introducing new tunes and performance techniques to congregations. So, if you're a capable instrumentalist and would be interested in bringing along your instrument (i.e.- especially flute, violin, oboe, recorder) it's likely we'll make use of you during our class time.

It would be helpful to know in advance what instrument(s) you are able to bring. Please complete the enclosed form and return it by May 20 to:

Please feel free to mail questions (but not forms) to me at msedio@centralmpls.org using the subject heading MONTREAT 2009.

Look forward to working with you in just a few short months!
