This quarterly journal is published by the Office of Theology and Worship of the Presbyterian Church (U.S.A.) and serves as PAM's professional journal.

The annual Lectionary Companion issue is a highly valuable resource utilized by anyone involved in worship design from pastors to music directors to worship planning teams of multiple Christian denominations.

This annual issue is referenced continuously throughout the calendar year. In 2025 over 2,000 churches from across the United States utilized the *Call to Worship* Lectionary Aids to plan weekly worship services.

Each conferee receives a hard and digital copy of the conference book. It is utilized daily throughout the conference for worship services and contains the schedule of events, campus maps, and important information about conference activities. The conference book is frequently brought back to conferees' home churches for reference and future worship planning.

Music publishers, seminaries, university choral/sacred music programs, organ builders, and many other organizations affiliated with church music have utilized advertisements in our conference book to reach a highly specific, targeted audience. The conference book is also a good place to highlight a conference faculty member who is a part of your organization.
